At a time of existential threat to the physical and human environment Architect Portugali takes us into a deeply intimate journey in the Kabbala holy city -

Tzefat, Israel

A journey that unfolds to a discovery of universal insights from her Holistic / Buddhist / Scientific P.O.V:

What is the secret of all Timeless places in which man feels 'at Home' & what is that 'Pure Art of making' that creates them? At any culture; place; time. That, via reconstructing childhood memories engraved on each stone of the invisible city's history.

[A film crossing new boundaries – straddling the line between art and cinema](#)
